

Feedback Analysis Report 2020-21 (Department of Botany))

Of the total of twenty two students sixteen students responded to the feedback collected through Google form in regard to curriculum and allied questions ten students agreed on suitability of the course while thirty percent strongly agreed and one was neutral. Majority of the students agreed to the aims and objectives and at same time majority agreed to availability of books in library, no doubt two strongly disagreed .Balance of theory and application was agreed by majority with negligible disagreement while agreeing that seminars and presentation should be a part of the curriculum. In context to generation of interest and intellectually stimulating maximum students agreed no doubt some students were neutral to this aspect. Eighty-two percent of students were positive in regard to the development of their personalities by this syllabus. Seventy five percent of students fact that curriculum length was moderate and ok whereas six percent disagreed with this statement. The practical relevance was agreed and strongly agreed by the majority of the pupils while twelve percent remained neutral or disagreed. Employability of the curriculum was liked by seventy five percent of the students while eighteen percent disagreed. In total about seventy five percent were satisfied with the internal assessment system adopted, no doubt twelve disagreed with this statement. Maximum number of students responded that the syllabus be revised as it is about 10 year old and 56 percent of the pupils were of the opinion that about three fourth of the syllabus should be theoretical and one fourth be practical as balanced for them no doubt twenty four percent agreed to equal distribution of theory and practical. After going through the responses it can be concluded that most of the pupils were of a positive approach to questions asked. Students did not respond to any suggestion in particular as asked at the end.

15. Any specific suggestions for addition or deletion in the prescribed Curriculum. * 16 responses

No

No

Nothing in particular

No need to add anything or delete in curriculum....happy with botany...

time management is not proper and not followed. Internet facility is not good in college

No ..

The text books prescribed should have exercises in form of MCQ's so as to enhance problem tackling ability of students
